Health and safety tips for walkers

- Walkers are advised to wear suitable clothing and footwear, sturdy shoes, sunscreen, in sunny weather, waterproofs and layers in cold weather
- Keep to paths, leave gates as you find them
- Carry a mobile phone with you or advise someone where you are walking
- Dog walkers keep their dogs on a lead
- Please take your litter home & keep the countryside tidy
- Obey and follow signs provided for your safety
- If walking in evening or dark periods, reflective or light clothing is advised to help make you more visible
- On roads where there is no pavement, it is advised to walk on the right hand side so on-coming traffic can see you.

Rossendale alive OUTDOORS
Stubbylee & Lee Quarry
Route Description

(1) Starting at the car park at New Line Reservoir, take the path on the east side of the car park and follow it under the stone archway. Keep to this track as it follows the course of the old railway line till you come out at a small car park opposite the Travellers Rest Pub. Turn left up the main road and cross over, turning left passed the pub up Edge Lane.

(2) Follow the lane up to the cross roads as the lane joins Tong Lane. At New Trough Gate, turn left up Tong Lane following as it ascends away from Britannia and leads you under a bridge and then sharply rises, passed Higher Stack and continue along the path until it divides off to the right near a small lay-by section. Here, double back and return to the bridge over Tong Lane.

(3) At the crash barrier, turn right up the track and right onto the lane. Follow the lane down to the main road and then left a few yards before crossing over and turning down Nelson Street onto New Line. Cross over taking the lane ahead past the mill and up to a bridge over the footpath where the railway-line used to be. Turn left before the bridge dropping down to the footpath below, turn right at the bottom going through a gate and follow this track all the way back to the car park.
